

Friends' School Lisburn

Access Arrangements and Reasonable Adjustments policy 2022/23

This policy is reviewed annually to ensure compliance with the current regulations from the Joint Council for Qualifications (JCQ).

Friends' School Lisburn is committed to providing equal opportunities for all pupils. Access arrangements allow pupils with special educational needs, additional needs, disabilities or temporary injuries to access assessments and show what they know and can do without changing the demands of the assessment. Friends' School Lisburn aims to meet the particular needs of each individual pupil without affecting the integrity of the assessment.

The aims of the Friends' School Access Arrangements and Reasonable Adjustments policy are as follows:

1. To clarify what access arrangements and reasonable adjustments are;
2. To explain how the assessment process is administered;
3. To establish how evidence of a medical need will be recorded;
4. To establish how evidence of a learning difficulty will be recorded;
5. To clarify our position on accepting privately commissioned psychological reports;
6. To explain how evidence of a pupil's normal way of working will be gathered;
7. To set out how and when access arrangements will be processed;
8. To clarify centre-delegated access arrangements;
9. To explain the appropriate use of word processors.

1. Definition of access arrangements and reasonable adjustments

"Access Arrangements are pre-examination adjustments for candidates based on evidence of need and normal way of working. Access Arrangements fall into two distinct categories: some arrangements are delegated to centres; others require prior JCQ^{CIC} awarding body approval.... In this way Awarding Bodies will comply with the duty of the Equality Act 2010 to make 'reasonable adjustments'.

Reasonable Adjustments

The Equality Act 2010, Disability Discrimination Act (DDA) and SENDO require an Awarding Body to make reasonable adjustments where a disabled person would be at a substantial disadvantage in undertaking an assessment. A reasonable adjustment for a particular person may be unique to that individual and may not be included in the list of available Access Arrangements. How reasonable the adjustment is will depend on a number of factors including the needs of the disabled candidate/learner. An adjustment may not be considered reasonable if it involves unreasonable costs, timeframes or affects the security or integrity of the assessment. There is no duty on the Awarding Bodies to make any adjustment to the assessment objectives being tested in an assessment."

[JCQ website [an overview](#)]

2. How the assessment process is administered

Friends' School Lisburn will make every attempt to identify students needing exam access as early as possible.

- AQE is not regulated by JCQ and therefore pupils who had exam access arrangements for AQE will not automatically receive them as pupils of Friends' School Lisburn.
- At the start of each academic year, the SENCo will collect data from new pupils about previously held exam access arrangements as evidence of history of need.
- Teachers and the SENCo identify pupils needing exam access through diagnostic assessment, class observations and from information contained in Statements, professional reports and other documentation. Teachers refer pupils to the SENCo for exam access assessment using evidence of winter examinations.
- On the request of the SENCo, teachers complete a teacher questionnaire detailing how a candidate's difficulties substantially impact on teaching and learning.
- Parents can contact the school SENCo to ask for advice about testing if they have concerns about the progress and learning of their child. The SENCo will investigate their concerns and contact all class teachers to gain information. Following this, a decision will be made as to whether it is appropriate to test a pupil.
- Once pupils needing exam assessments have been identified, the SENCo schedules an exam access assessment. The SENCo will contact parents/guardians to gain their permission to test. In line with JCQ regulations, the SENCo has successfully completed a post-graduate course at or equivalent to Level 7, including at least 100 hours relating to individual specialist assessment.
- Pupils, teachers and parents will be informed verbally of the outcome of their exam access assessment. A record of a candidate's access arrangements is recorded on the Additional Needs Register. The information about results of assessment for exam access arrangements is kept confidentially in line with school policy.
- Pupils with exam access arrangements will have these arrangements in class tests, mock exams and controlled assessments. Pupils may not require extra time for every examination/assessment and every subject. JCQ states that extra time may not be appropriate in practical examinations or non-examination assessments where the impairment has a minimal effect on the assessment.
- Pupils may need to be tested at each Key Stage for exam access arrangements.

3. Recording evidence of a medical need

Where a candidate has an impairment other than a learning difficulty, the SENCo will have explored and trialled the option of supervised rest breaks through timed internal tests and mock examinations before making an application for 25% extra time. The SENCo must have considered and thoroughly exhausted the option of supervised rest breaks before making an application for 25% extra time. The SENCo considers 25% extra time, and not supervised rest breaks, to be an appropriate access arrangement/reasonable adjustment.

For candidates with a **medical diagnosis** e.g. ASD, who only require extra time, the SENCo, in line with JCQ guidance *reg 5.2.3* writes a file note confirming the candidate's difficulties. The file note:

- *confirms that the candidate has **persistent and significant difficulties when accessing and processing information** and is disabled within the meaning of the disability legislation;*
- *includes evidence of the candidate's current difficulties and how they **substantially** impact on teaching and learning in the classroom;*

- *shows the involvement of teaching staff in determining the need for 25% extra time;*
- *confirms that without the application of 25% extra time the candidate would be at a **substantial disadvantage** when compared with other, non-disabled candidates undertaking the assessment;*
- *confirms that 25% extra time is the candidate's normal way of working within the centre as a direct consequence of their disability.*

The SENCo file note is supported with appropriate documentation such as:

- *a letter from CAMHS, a HCPC registered psychologist, a medical consultant*, a psychiatrist; or*
- *a letter from the Local Authority Specialist Service, Local Authority Sensory Impairment Service or Occupational Health Service; or*
- *a letter from a Speech and Language Therapist (SaLT); or*
- *a current Statement of Special Educational Needs relating to the candidate's secondary education, or an Education, Health and Care Plan, which confirms the candidate's disability and includes evidence of the candidate's current difficulties and how they impact on teaching and learning in the classroom.*

4. Recording evidence of a learning difficulty

For candidates requiring exam access, JCQ forms are completed by the SENCo to record assessment and application information. A picture of need and normal way of working must be firmly established first. The SENCo must present for inspection purposes a substantial and comprehensive body of evidence. In creating a detailed picture of need, JCQ state the following:

Evidence of normal way of working within the centre (i.e. Part 1 of Form 8) and one piece of supplementary evidence drawn from:

- *a sample of internal school tests/mock exam papers showing the application of extra time; or*
- *an IEP/ILP referring to the need for extra time; or*
- *comments and observations from teaching staff as to why the candidate needs extra time and how he/she uses the extra time awarded.*

Any assessment of learning difficulties must be carried out **no earlier than the start of year 10**. In order to award 25% extra time, the assessor's report must confirm that the candidate has at least:

- *two below average standardised scores of 84 or less; or*
- *one below average standardised score of 84 or less and one low average standardised score (85-89).*

In either scenario, the two standardised scores must relate to two different areas of speed of working as below:

- *speed of reading and speed of writing; or*
- *speed of reading and cognitive processing; or*
- *speed of writing and cognitive processing; or*
- *two different areas of cognitive processing which have a substantial and long-term adverse effect on speed of working.*

Supervised rest breaks must always be considered before making an application for extra time.

5. Accepting privately commissioned psychological reports

In accordance with JCQ regulations 2022/23 **the school cannot accept privately commissioned psychological reports for the purpose of processing access arrangements**, unless this has been agreed in advance with the school and is in collaboration with the school.

JCQ regulation 7.3.6

'A privately commissioned assessment carried out without prior consultation with the centre cannot be used to award access arrangements and cannot be used to process an application using Access arrangements online.

The SENCo must provide the assessor with at least a 'skeleton' Part 1 of Form 8 prior to the candidate being assessed.' (Part 2 of Form 8).

6. Gathering evidence of normal way of working

Friends' School Lisburn will gather evidence of normal way of working as defined by JCQ in the following ways:

- Baseline aptitude tests (MIDYIS, YELLIS);
- Candidate's self-reported difficulties;
- Information from feeder schools;
- Comments on teacher questionnaires about candidate's difficulties ;
- SIMs tracking information;
- Information contained in Statements, IEPs or other documents.

The arrangement(s) put in place reflect the support given to the candidate in the centre

- in the classroom;
- in learning support sessions;
- mock and internal examinations.

The only exception to this is where an arrangement is put in place as a consequence of a temporary injury or impairment.

7. Processing applications for access arrangements

In line with JCQ regulations, the SENCo makes an application via *Access Arrangements Online* by the published deadline of the **21st March 2023**. The only exception to this is where an arrangement is put in place as a consequence of a temporary injury or impairment.

The SENCo keeps a record of the printed online application, letters from awarding bodies, Form 8s, a copy of the GDPR compliant personal data consent form, assessments and any additional forms or documents for inspection.

The files for inspection are located in M17.

8. Centre-delegated access arrangements

Friends' School Lisburn follows JCQ guidance when providing centre delegated access arrangements.

The SENCo allocates candidates a prompter or a reader/computer reader or supervised rest breaks if:

- the need is a result of substantial and long-term impairment, giving rise to persistent and significant difficulties and it is their normal way of working;
- there is medical evidence to substantiate this arrangement and it is their normal way of working.

The candidate's difficulties must be established within the centre and thus known to a Collect Teacher, a Head of Year, the SENCo and/or a senior member of staff with pastoral responsibilities.

JCQ state that the SENCo must have considered and thoroughly exhausted the option of supervised rest breaks before making an application for 25% extra time.

For rest breaks, the timing of the examination should be paused and re-started when the candidate is ready to continue. During the supervised rest break the candidate must not have access to the question paper/answer booklet. If the candidate needs to leave the examination room, an invigilator must accompany the candidate.

9. Use of a word processor

An exam candidate may be approved the use of a word processor where this is appropriate to the candidate's needs and not simply because this is the candidate's preferred way of working within the centre.

Friends' School Lisburn allows candidates to use a word processor:

- If a candidate has approval for the use of a scribe but prefers to use a word processor and this is their normal way of working.
- If a candidate has a permanent or temporary physical impairment that makes handwriting difficult and there is medical evidence to substantiate this.
- If a candidate's handwriting is so illegible that it cannot be read by third party. An example of their work is kept on file.
- A word processor is their normal way of working.

Laptops will be provided from M17. They will only be able to be accessed by using a specific exams log-in and the invigilator will give out a memory stick for each candidate. Candidates are responsible for frequently saving their work during the exam. It is permissible for a candidate using a word processor in an examination to type certain questions i.e. those requiring extended writing and handwrite shorter answers.

It is the responsibility of the Exams Officer and the candidate to ensure that their pages are numbered, that each page has the centre number, candidate number and unit/component code on each page and that a cover sheet is completed in line with JCQ regulations.

Every effort is made to ensure that candidates cannot access spell check, their own drive and the internet during exams. However, if any student is found trying to get around the setting this will be interpreted by the school as malpractice and will be reported to the relevant Awarding Body.

10. Separate invigilation within the centre

Separate invigilation is defined by JCQ as 'separate to the main examination hall'. Preferential seating within the main hall will be trialled first. This may be to the back, or to the side of the main hall. Friends' School Lisburn will follow JCQ guidance for any request for a candidate to sit the examination outside of the main examination hall. A room for a smaller group of candidates will be considered if the candidate has a substantial and long-term impairment which has an adverse effect and if it is the candidate's normal way of working within the centre. The candidate's disability may be established by a formal diagnosis, a supporting letter from a medical consultant* or a recommendation from CAHMS. The disability should be known to a Year Head, the SENCo or a senior member of staff with pastoral responsibilities. Nervousness, exam induced anxiety or being worried about examinations is not sufficient grounds for separate invigilation within the centre.

**A letter from a GP cannot be accepted by JCQ for verifying the impact of a pupil's disability; evidence must be from a specialist in the area of the disability.*
